

A portrait of Richard O'Keeffe, a middle-aged man with short brown hair, wearing a dark suit jacket over a light-colored checkered shirt. He is smiling slightly and looking towards the camera. The background is a blurred outdoor setting.

Richard O'Keeffe

Head of Global Quality

Richard O'Keeffe joined BeOne, formerly BeiGene, in May 2023 and serves as Head of Global Quality, responsible for leading the teams that assure product quality in clinical trials, laboratories, manufacturing, pharmacovigilance and supply and distribution across BeOne's network. His team is accountable for oversight, auditing and compliance of all aspects of BeOne's product-related business from discovery to patients.

Prior to joining BeOne, Mr. O'Keeffe served in various roles at Amgen in site quality, international and distribution quality, and research and development quality in Ireland, the Netherlands, Singapore and the U.S. He started his career with Schering-Plough working in quality control and quality assurance roles in Ireland and New Jersey and as quality head for a start-up aseptic filling plant in Singapore.

Mr. O'Keeffe earned a B.Sc. in biochemistry from University College, Cork in Ireland. He was a member of the Board of Directors at Journeys Within Our Community, an educational non-profit for young adult leaders in Cambodia.
